BE YOURSELF

We are currently seeking a passionate teacher to lead discussions and provide correction for Korean adults aged 20 and above.

We are dedicated to helping students master English, foster a sense of community, and discover their true potential.

Our goal is to create an environment where students can enjoy speaking English more freely and engage in regular practice until they achieve fluency.

BE YOURSELF

To ensure that our students maintain a positive attitude and dedication, we require prospective students to participate in an online interview in person.

This allows us to identify individuals who possess a strong commitment to learning and personal growth.

Our classes are conducted online via Zoom. In our classes we foster an atmosphere of love and support. They embrace their classmates as supporters and willingly open up during the class sessions.
