

## Endorsement for Phillip Schrank

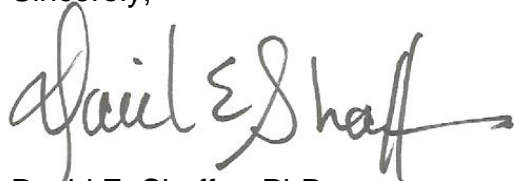

For the Office of Treasurer, Gwangju-Jeonnam Chapter of Korea TESOL

I am happy to endorse Phillip Schrank for the position of treasurer of the Gwangju-Jeonnam Chapter of KOTESOL. As many of you may know, Phillip has very successfully serviced as chapter treasurer for the past several years. He has also served as KOTESOL's national treasurer for several years and has recently been elected to serve in that position again. His familiarity with both treasurer positions complement each other quite well. His experience as a financial officer before coming to Korea adds to his qualifications for this position.

From my position on the National Council, I have been able to observe that during his tenure as treasurer, Phillip has done an outstanding job in executing his duties of his office and contributing to discussions during Council meetings. These duties include processing orders (including membership and event registration) and invoices in a timely manner, and making accurate and timely financial reports to the Council, in addition to assisting with the annual financial audits. He has also served in finance-related positions for several of our international conferences. His performance as chapter treasurer has been equally excellent. Phillip's experience at the national and chapter levels makes him most highly qualified for the position of chapter treasurer. For these reasons, I wholeheartedly endorse Phillip Schrank for the position of Gwangju-Jeonnam Chapter treasurer.
