

Endorsement: LUCINDA ESTRADA

for Korea TESOL 1st Vice President

This is an endorsement for Lucinda Estrada for the position of 1st Vice President of Korea TESOL. Over her years as a KOTESOL member, Vice President, and then President of Seoul Chapter, Lucinda has constantly demonstrated her abilities in organizational management and showing her leadership skills. Lucinda's outstanding problem-solving abilities, commitment to professional development, and her efforts to create a healthy environment within the organization qualify her most highly for any position within KOTESOL. She has brilliantly demonstrated her leadership qualities most recently as President of Seoul Chapter.

I have known Lucinda for over three years, and through this time I have been quite convinced that Lucinda has astounding passion and talent to take on any administrative position. Lucinda is presently running for the position of 1st Vice President of KOTESOL, not because others are urging her to fill the position but because this is something that she aspires to do. I personally think that any organization will be fortunate to such a talented administrative like Lucinda.

I am quite excited that Lucinda has decided to run for 1st Vice President of Korea TESOL. I know of no one better qualified and more willing to take on the responsibilities that the positions of Vice President require. I am therefore delighted to provide this endorsement for Lucinda Estrada for the position of KOTESOL 1st Vice President.
