Chapter Elections – Committee Application

Role – Web Editor

To The Members of the Seoul KOTESOL Chapter and Committee,

I am pleased to throw my hat into the ring and run for the position of Web-Editor on the Seoul KOTESOL Chapter Committee. My qualifications are as follows: I have taught English in Korea for three years as a middle school instructor. Prior to coming to Korea I was an adult instructor in the USA. I have a Bachelor in English Language Education with an emphasis on academic writing and curriculum development, and am currently pursuing my Masters in Teaching English to Speakers of Other Languages.

I have experience with editing, website moderation, am technologically savvy with experience in multiple software and blog platforms, and am eager to work hard to maintain the Seoul KOTESOL chapter's reputation through up to date, timely communications on our webpage. A website is often the first place that members and non-members look to find information. I hope to ensure that our public face is as welcoming and informative as possible, serving the needs of our chapter and our community.

Respectfully,

Lucinda Dena Estrada
